D. SKETCH OF PROJECT LOCATION & SIGNIFICANT FINDINGS

E. LEGAL BASES RECOMMENDED DECISION	
Legal Bases: ☒ CLUP/ZO approved by HLURB/SP per Res.# 4810 Series of 2017 ☐ Others (specify law, Implementing Rules and Regulations or Guidelines) Recommended Decision: In view of the foregoing findings and evaluation of facts, it is hereby recommended that the application for Locational Clearance be APPROVED, considering that the proposed project is located within a designated Residential Zone under the approved Comprehensive Land Use Plan (CLUP) and Zoning Ordinance, and that the proposed use is allowable and compliant with the applicable zoning regulations and development standards. This recommendation is subject to compliance with all other applicable laws, rules, and regulations, and the securing of necessary permits and clearances from concerned national government agencies and local offices, including but not limited to building permit, environmental compliance, and other regulatory requirements.	Finding and Evaluation of Facts: Based on the review of the Comprehensive Land Use Plan (CLUP) and the approved Zoning Ordinance of the Municipality, the subject property is classified under the Residential Zone. The proposed development is among the allowable uses within the said zone as provided in the zoning regulations. Further evaluation shows that the project complies with the prescribed development controls, including allowable land use, building use, and applicable zoning standards. No conflicts were identified with adjacent land uses, and the proposed activity supports the intended function of the Residential Zone. The application has been granted approval in accordance with Resolution Number 4810, Series of 2017, which aligns with the provisions set forth in the CLUP and ZO.
F. ADDITIONAL CONDITIONS	
1. The issuance of a Locational Clearance shall not be construed as a Building Permit and shall be used solely for the purpose of securing other required permits and clearances. 2. Compliance with all applicable laws, rules, and regulations of the LGU and concerned national government agencies, including but not limited to the National Building Code, Fire Code, and environmental laws, shall be strictly observed. 3. Any deviation or modification in the approved plans, use, or scope of the project shall require prior approval from the Office of the Zoning Administrator. 4. The proponent shall secure the necessary clearances from concerned agencies, such as the Barangay Clearance, Environmental Compliance (ECC or CNC, if applicable), and Fire Safety Inspection Certificate. 5. Development controls and zoning standards, including setbacks, parking requirements, building height limits, and easements, shall be strictly complied with. 6. No obstruction to public roads, drainage, easements, and utilities shall be allowed during construction and operation. 7. The clearance may be REVOKED if found to have been issued on the basis of misrepresentation or non-compliance with any of the conditions stated herein.	
G. SIGNATORIES
